LONG JOHN SILVER'S™

Flat Bottom Fryer

Flexible - Pick your size, pick your lineup.

Easy To Use - Fast, simple two step oil filtration system.

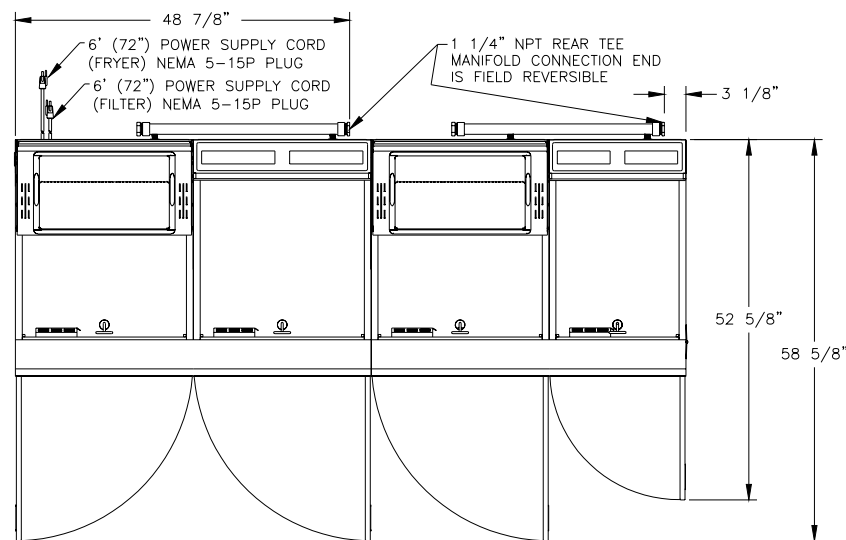

LJ-FBG24-2 fryers with self contained oil filtration system

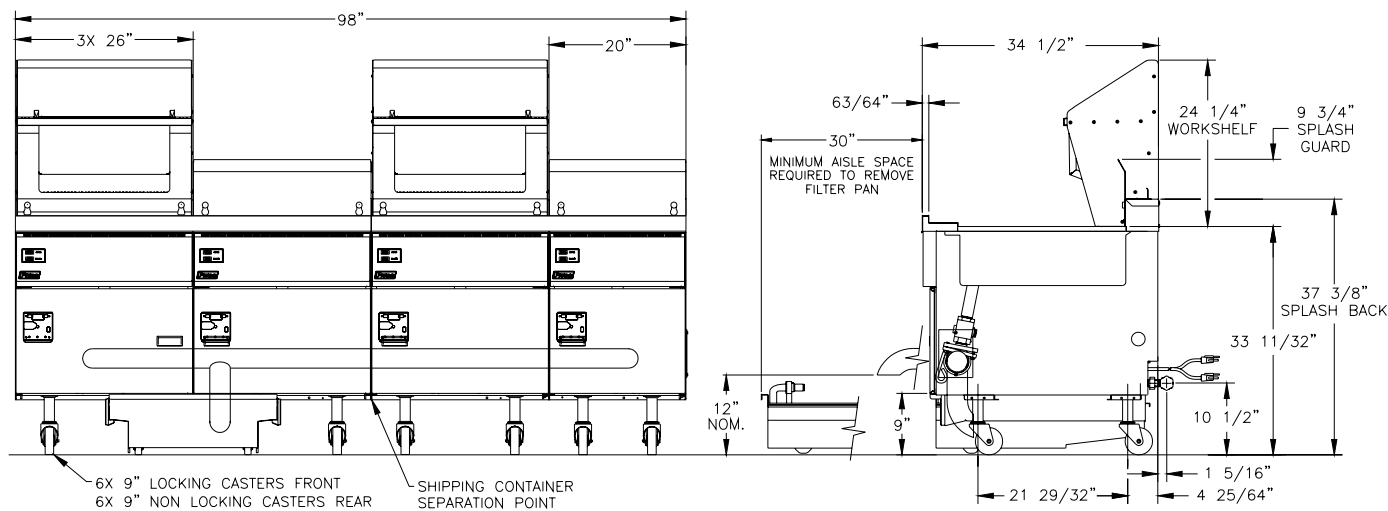

The Flatbottom LJ-FBG24 and LJ-FBG18 Fryer Filter System

- Modular design allows for mixing of Flatbottom 24", 18" or 18" Cold Zone Fryers.
- Available in 24" or 18" widths.
- Footprint fits most existing store layouts, including Canopy Vent and Low Vent Hoods.
- Stainless steel front, door and sides - no paint.
- Large 9" casters for easy movement and cleanup.
- Matchless ignition, lights once a day for less wear and tear on ignition components.
- Evenly dispersed heating of the tank eliminating the need for fins baffles or blowers.

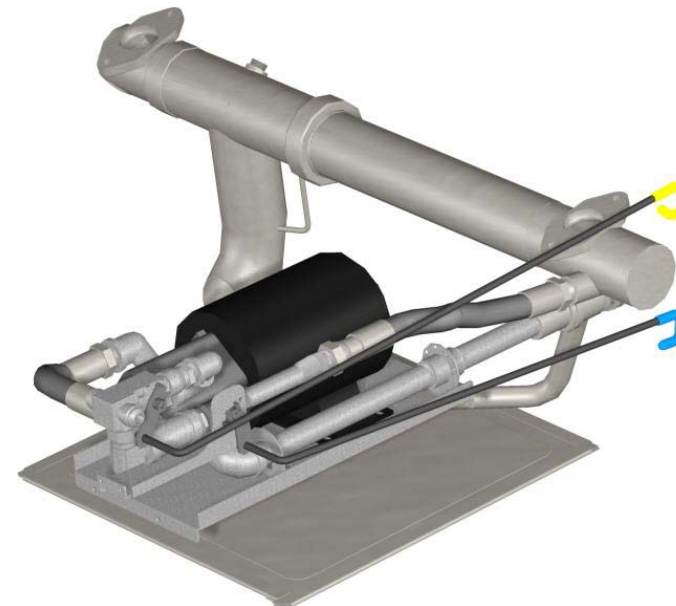

LJ-FBG24-3/FBG18 Fryers
with Self Contained Oil Filtration System

The Filter System Smart, Simple and Easy to Use

- High capacity oil pump for fast shortening return (8 gallons per minute).
- Extra large 3" drain lines for dependable, clog free drainage.
- Drain valve interlock to ensure burner will not ignite while drain is open.
- Metal mesh filter screen to filter oil.
- Allows the use of an optional filter paper pickup using the filter paper sized for use in the other YUM! brands.
